Technical Announcement

July 24, 2000

*"Proceedings – Cook Inlet
Oceanography Workshop.
November 9, 1999 – Kenai,
AK"*

The Minerals Management Service (MMS) recently released an Outer Continental Shelf (OCS) Environmental Studies Report entitled *"Proceedings – Cook Inlet Oceanography Workshop. November 9, 1999 – Kenai, AK"* with Mark A. Johnson and Stephen R. Okkonen as Principal Investigators/Editors. The report summarizes the proceedings of a one-day workshop on November 9, 1999, in Kenai, Alaska. The goal of the workshop was to assess the state of knowledge of the physical oceanography in Cook Inlet and to examine the results of numerical models used to predict oil-spill trajectories.

For Information

This report, OCS Study MMS 2000-043, is available from the Coastal Marine Institute (CMI), School of Fisheries and Ocean Sciences, University of Alaska, Fairbanks, AK 99775-7220. Copies are available free of charge, as long as the supply lasts, from the above address. Requests may be placed with Ms. Ruth Post, CMI, by phone at (907) 474-6782, by fax at (907) 474-7204, or by email at rpost@sfos.uaf.edu. Once the limited supply is gone, copies will be available from the National Technical Information Service at <http://www.ntis.gov>, or by writing NTIS at 5285 Port Royal Rd, Springfield, Virginia 22161. This report may also be inspected at selected Federal Depository Libraries.
